Dr. Lianli Gao is a Professor in School of Computer Science and Engineering (CSE) at University of Electronic Science and Technology of China (UESTC). She received her Ph.D in School of Electronic Engineering and Computer Science (ITEE) at University of Queensland (UQ) in 2014 under the supervision of Prof. Jane Hunter, Prof. Michael Bruenig and A/Prof. Yuan-Fang Li. She was scholar visitor at the University of Trento under the supervision of Prof. Nicu Sebe.

Dr Gao has made continuous contributions to multimedia analysis, generative AI, AI Safety and embodied AI (VLA), and published over 170 CORE A*/A/Scopus Q1 publications in prestigious journals (e.g., IEEE TPAMI, TIP, TMM, and TCSVT) and proceedings at prominent conferences (e.g., CVPR, ICCV, AAAI, ACL, NeurIPS, ICML, ACM MM and ICLR) (including 121 CORE A*, 23 CORE A, and/or 153 Scopus Q1 papers), (including 70+ IEEE/ACM Transactions and 70+ CCF-A papers (Chinese Computing Federation A ranked (e.g., CVPR, ICCV, NeurIPS, ICML and ICLR)) and 27 patents. Her publications have been cited in Google Scholar more than 12,229 times, and her H-Index in Google Scholar is 59.

Dr. Gao received China Society of Image and Graphics' QingYun Shi Female Scientist Award 2025, Best Paper Candidate IEEE ICME 2024, Rising Star of Science Award (2023, 2024), Sichuan Provincial Academic/Technical Leader (Reserve Candidate) 2021, Best Paper Award from IEEE Transactions on Multimedia 2020, Rising Star Award from IEEE Technical Community on Multimedia Computing 2020, UESTC Research Excellence Award (2018,2020,2023), Alibaba DAMO Academy Young Fellow Award 2019 (1 Million CNY), Best Student Paper Award from Australasian Database Conference 2017, and is selected as one of the 2023 Chinese Young Female Scholars in Artificial Intelligence for her outstanding academic performance in AI. Dr. Gao also received international challenges awards, including ICCV Deeper Action 3rd Place Award in Kinetics-TPS Challenge on Part-level Action Parsing 2021, CVPR Security AI Challenger Phrase VI Track 1st Place award in White-box Adversarial Attacks on ML Defense Models 2021, ICCV COCO DensePose Challenge 2nd place award 2019, OPPO Security Challenge 2nd Place 2021, and ECCV DeeperAction Track4 3rd Place 2022, and IEEE ICME Grand Challenge of MMVRAC 1st Place Winner.

Dr Gao served/serves as Associate Editor of IEEE Transactions on Multimedia (2024-Now), General Chair of Inaugural Young Scientists Salon on Artificial Intelligence 2024, ACM MM 2021 Workshop Co-chair, program committee of the IJCAI 24 track on AI and Social Good, Area Chairs of CVPR, ICCV, ECCV, NeurIPS, AAAI, ACM MM, WACV, BMVC, ICME; 2021 Session Chair, IJCAI Session Chair 2019, Guest Editor of 2019 Journal of Visual Communication and Image Representation etc.
